

The Group that delivers  
real time capabilities with  
long term benefits!

*Direct*  
*aviation*

The Direct Aviation Group of Companies combines expertise in service, technical support, aviation recruitment, supplying and manufacturing galley equipment for the aviation and rail industry.

Our head office is located in Nuth, The Netherlands, with offices in Dublin and a manufacturing facility in China.

With our group establishment in 1992 with the start of Direct Air Flow, our service, manufacture and reach for the aviation sector now consists of the following companies:

- **Direct Air Flow** – Supplier of galley equipment for the aviation industry (EASA, FAA and CAAC standards).
- **Korita Aviation** – Manufacturer of galley insert equipment for the aviation and rail industry (EASA, FAA, CAAC, CAAS, Boeing, Airbus, COMAC and Bombardier standards).
- **Direct Personnel** – A global leader in quality recruitment solutions for the aviation industry.
- **Direct Aero Services** – A specialised provider of technical services to lessors, airlines and operators, with a concentration in support of leased aircraft requirements.

“We do what we say and we say what we do!”

Supplying galley equipment  
from a stock position – The  
benefit we know you value!

*Direct*  
*air flow*

“We deliver the equipment you need on time every time.”

Direct Air Flow is your trusted supplier of inflight galley equipment from a stock position.

With over 25 years of aviation supplier experience, we have become one of the world's leading galley equipment suppliers. Our ability to service your needs comes from 'know how' within the Direct Aviation Group. We attribute our success to delivering highly durable products to operators in 'real time' environments who count on exceptional service. Our range of inflight galley equipment is certified to the EASA and FAA standards.

We offer both ATLAS standard half size meal and waste trolleys and ATLAS standard full size trolleys.

To complete your inflight galley equipment needs, we also provide both ATLAS and KSSU standard containers, ATLAS and KSSU standard oven racks and ATLAS standard drawers, along with a wide range of associated products.

Dynamic, competitive strategies count. We ensure you have all the choices at your disposal; providing you with the option to purchase serviced inflight galley equipment.

Direct Air Flow welcomes opportunities to collaborate with airlines concerning inflight equipment projects. Through careful consultation, we will work together to support in sourcing these items for our customers.

We excite in flight all  
over the world!

 **KORITA** aviation

“One Goal – To be Outstanding!  
We think with you every step  
of the way.”

Established in 2006 in Suzhou, China, Korita Aviation is a world renowned manufacturer of high quality galley insert equipment for the aviation and rail industry.

The heart of Korita Aviation lies in the foundation of Direct Air Flow, which goes back to 1992. The success of Direct Air Flow demonstrated an increased demand from airlines for shorter lead times, high quality durable inflight galley equipment and service.

Korita Aviation manufactures the Aluflite range of lightweight galley equipment, providing a modern and innovative design. In addition to lightweight, developments have also led to increased stability and durability along with various external panel finish options.

Airlines need light weight products that stand the test of time, both in terms of functionality and in appearance – we manufacture both. Our Aluflite range includes Aluflite half size meal and waste trolleys, Aluflite full size meal and waste trolleys, folding trolleys, ATLAS and KSSU standard containers, oven racks and a variety of drawers.

Our manufacturing capabilities and customer focused approach ensures that customer expectations are met at all times. Our equipment is certified to EASA, FAA, CAAC, CAAS, Boeing, Airbus, COMAC and Bombardier standards.

Your aviation  
recruitment specialist!

*Direct*  
*personnel*

We are a global leader of quality recruitment solutions for the aviation industry with over 25 years of experience in this field. Our personal and professional service is the way forward for many contractors to work with airlines and other aviation partners.

Our long history in the sector coupled with our strong reputation for looking after the needs of our contractors bolsters our experience.

Direct Personnel's professionalism, transparency and quick reaction time is what sets us apart. In addition, our financial strength provides comfort to our partner airlines and candidates alike.

Our friendly team of recruiters and consultants are based in Dublin, Ireland, where they provide complete support to our contractors.

Our approach:

- Experience: 25+ years supplying aviation personnel
- Personal: More than a CV forwarding service
- Friendly: We are ready to talk and advise
- Honest: Open contract terms that are adhered to
- Support: We are dedicated to our contractors

#### What our candidates say:

*'I'm definitely sure that they are the best option when you are applying for a contract job, because you are certain you are in the hands of professionals.'*

- **First Officer**

“Your aviation career in good hands.”
